

Commit3x User Guide

Who is the most popular? Who has the 'most friends' or the 'best social proof'? Who is good friends with you? Commit3x is an online game that tries to answer real world questions: who would Vote for you? Commit3x is where everyone gets 3 Votes to place for their favorite people. The Web Site is linked below.

<https://www.Commit3x.com/>

Commit3x is an entertainment Web Site where Real People place Votes for other Real People they like. It's an emotional and silly drama about who is the 'most popular'. The key is Real People. Members contractually agree to use their real names and agree to the legally binding Commit3x Web Site Terms of Use. They agree to not cheat nor open accounts using a different name. Purchasing a Commit3x PIN (Personal Identity Number) lets you place your Votes, and anyone can win Votes placed by Commit3x Members.

Commit3x Web Site Terms of Use

Commit3x's purchased products (PIN and Token) are delivered online immediately and stored in the Commit3x Web Site Database. They solely enhance enjoyment of the Web Site. Commit3x is only usable by USA residents, and minors should ask their guardians before making purchases online. To make a purchase at Commit3x you agree to the Web Site Terms of Use, which you verify using a checkbox. The full Terms of Use are available at the link below. You should review them if you use Commit3x.
